The Only Whole Food Vitamin D on Today's Market

Earthlight® Whole Food Vitamin D is an ultra-clean label, plant-based ingredient that can help you create cutting-edge supplements and fortified foods that respond to the latest consumer trends in the market. FDA, Novel Foods and ANVISA-approved, Earthlight delivers concentrated Vitamin D with low use levels, which means it will not affect the taste or texture of your formulations.

- Non-GMO, whole food mushroom powder
- Organic grade available
- 1000 µg (40,000 IU) of Vitamin D per gram
- Low use levels offer excellent economics
- Won't affect the taste or texture of formulations
- FDA, Novel Foods and ANVISA approved

Deliver Joint Health in Formulations Where Taste Matters

AquaLOX® is the water-soluble, neutral tasting version of 5-LOXIN®, a potent *Boswellia serrata* extract that is clinically demonstrated to improve joint comfort and reduce a key cartilage-degrading enzyme. AquaLOX opens up new formulation opportunities and is great for chewables, gummies, beverages, and other taste-sensitive formulations.

- Supported by 8 pre-clinical & clinical studies
- Water soluble
- Neutral tasting
- Low dosage
- Kosher, Halal, Gluten-Free
- Non-GMO
