Inspired by nature – Realized by science

UNIQUE PREMIUM NATURAL ACTIVES FOR SUPPLEMENTS

Our portfolio targets different key aspects of well-being, the aging process and supports the beauty-from-within trend. Thanks to their great organoleptic properties and water solubility these ingredients can be included in a wide range of product formats within the supplement and functional food space. Each ingredient is supported by clinical data, which have been published in peer-reviewed scientific journals.

Our Portfolio – Europe

SKIN BEAUTY & PROTECTION

FenuKale™ Nu

Pollution-detox and
beauty formula

FenuKale™ Nu is a water-dispersible powder derived from blue fenugreek and kale. It prevents accelerated skin aging caused by urban pollution through a unique interplay of three different mechanisms.

- Improves skin barrier function and skin moisture
- Counteracts oxidative stress and epigenetic changes caused by pollution
- Supports the endothelial function
- Pleasant aromatic savory taste

SKIN BEAUTY & PROTECTION

PhytoCellTec™ Md Nu

Apple cell culture extract
for skin vitality

PhytoCellTec™ Md Nu is a very special water-soluble anti-aging powder ingredient produced from cultivated fruit cells of a rare apple variety capable to vitalize skin stem cells.

- Increases stem cell vitality
- Improves skin density, elasticity, and firmness
- Special bioreactor technology used
- Neutral in taste

SKIN BEAUTY & PROTECTION

DracoBelle™ Nu

Key to skin's beauty by
boosting collagen repair

DracoBelle™ Nu is a water-soluble vegan collagen and skin beauty booster derived from Moldavian Dragonhead. It stimulates collagen replenishment in skin tissues through a new anti-aging and longevity process.

- Significantly improves skin moisture, elasticity, and density
- Initiates collagen production and rejuvenation process
- Mimics the benefit of caloric restriction
- Pleasant lemon balm-like taste

HAIR HEALTH

AnaGain™ Nu

Stimulating hair growth
and fighting hair loss

AnaGain™ Nu is a unique water-soluble hair growth booster derived from organic germinated pea seeds. It rebalances the natural hair growth cycle resulting in visibly more hair.

- Stimulates hair growth
- Improves visual hair density
- High subjective satisfactory level rated by study volunteers
- Neutral in taste
